# Discover a Proactive Approach to Whole-Body Wellness

Many modern wellness protocols focus on one symptom or concern and do not consider how each issue influences the overall systemic balance in the body. Our approach is different. We've formulated a comprehensive line of supplements and wellness products that work synergistically to support your whole body as you navigate your path to optimal wellness.

## **STARTING ON YOUR PATH**

Each person has a unique collection of concerns that may increase and decrease in intensity as the body moves toward balance. The Synergistic Solutions Chart is organized to address these changing health states and provides targeted strategies for immediate, ongoing, and recurrent Wellness Concerns.

## **HOW IT WORKS**

We've organized the Synergistic Solutions Chart into three sections: Focus Areas, Wellness Concerns, and BioPure® Solutions. Each combination of BioPure® Solutions is carefully curated to provide balanced support to the Focus Areas of the body impacted by a Wellness Concern.

## **BEYOND SUPPLEMENTS**

Wellness Solutions don't end with dietary supplements. e-SMOG™ 5G/EMF Wave Defense Solutions, suppositories, and topical and transdermal products round out strategies that can be used together with oral supplementation to maximize wellness benefits.

# Suppository Delivery System

BioPure® suppositories are formulated with Organic Cocoa Butter, botanical extracts, and additional synergistic ingredients that provide targeted support.\*

## TARGETED SUPPORT

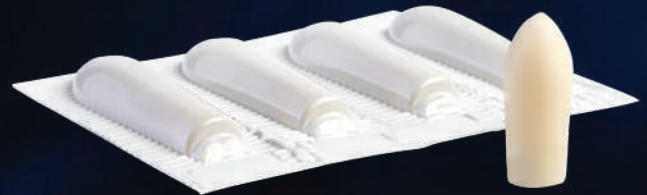

Suppositories provide targeted support and offer an alternative method of ingredient delivery that bypasses digestion for fast-acting effects.\*

## ACTIVE INGREDIENTS

BioPure® suppositories contain various potent, active ingredients, including garlic, artemisinin, green coffee extract, EDTA, and melatonin. We carefully select manufacturing processes that yield and preserve the maximum ingredient potency.

## ORGANIC COCOA BUTTER

We use 100% Certified Organic Cocoa Butter (*Theobroma cacao*) as the base of our suppositories. This highly emollient oil supports the resiliency of delicate skin. It is solid at room temperature but quickly melts when inserted into the body, allowing for almost immediate absorption.

# Topical and Transdermal Delivery System

Topical products are applied to the skin and provide a localized effect. These products are either absorbed by the skin or applied and rinsed off to reveal the benefits of application. Transdermal products penetrate through the epidermis and dermis to provide a systemic effect and support whole-body wellness.

## TARGETED SUPPORT

Topical and transdermal products offer an alternative method of ingredient delivery. They can be used with oral supplementation to maximize wellness benefits.

## ACTIVE BOTANICALS

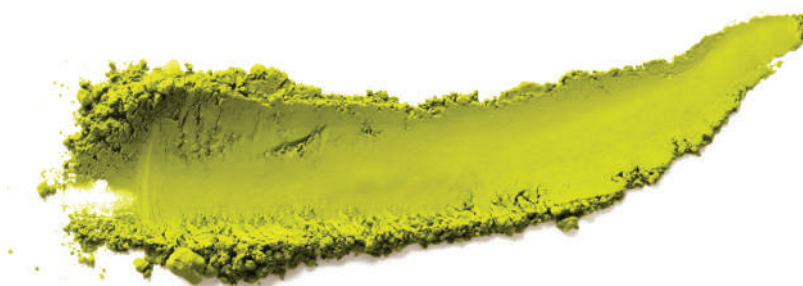

Our topical and transdermal products contain active botanicals and other natural ingredients that support the skin's microbiome and whole-body balance.

## 100% PURE INGREDIENTS

Support wellness from the outside-in. We carefully select the highest quality ingredients and manufacturing processes that yield products that deliver results.

## ORGANIC OZONE O<sub>3</sub>

BioPure O3 Oils® combine the power of Ozone (O<sub>3</sub>) with Organic Oils to create a revolutionary delivery system for botanical ingredients.\*
